

THE GROVE NURSERY PROSPECTUS

THE GROVE NURSERY PROSPECTUS

The Grove Nursery is located at All Saints' Church Halls, Weybourne Way in New Haw. Our accommodation has the provision for two separate classes offering an educationally structured programme of activities for pre-school children aged from 2 - 5 years.

The Grove Nursery operates during school term times offering a variety of sessions:

Caterpillar Class (2-3 year old children)

Monday-Friday: 9.15 - 12.15
Optional lunch club 12.15 - 1.15

Monday-Wednesday: 9.15 - 12.15
Optional lunch club 12.15 - 1.15
1.15-3.45
9.15-3.45 including lunch club

Butterfly Class (3-5 year old children)

Monday-Friday: 9.15-1.15 (incorporates lunch club)

Monday-Wednesday: 9.15-1.15 (incorporates lunch club)
1.15-3.45
9.15-3.45

Our classes are extensively equipped with educational toys, games, a computer in each class, books and physical play equipment. We use a wide variety of craft resources and indulge in a lot of 'messy play'. We have a good range of physical play equipment which is used in the 2 classes and outside in our secure garden. As a result of a government grant our outdoor area has recently been refurbished. The children now have the opportunity to freeflow between the indoor and outdoor classrooms and benefit from our wider range of resources.

Our Aims

We are committed to enhancing the development and education of children under the statutory school age in a safe, secure and stimulating environment. We work within a framework which ensures equality of opportunity for all children and their family.

We offer every child in our setting a specially tailored curriculum within the Early Years Foundation Stage educational guidelines. This enables children to progress towards the early learning goals and prepares them for the National Curriculum, which begins at Year 1 in primary school. We are registered with and inspected by OFSTED for our care standards and nursery education. At The Grove we are able to provide individual care and attention because of our high ratio of adults to children. Our children are encouraged to learn through play and experience fun and friendship with their peers and the staff.

We operate a key person system which gives each member of staff particular responsibility for a group of children. The key person is in a position to tailor the curriculum to the unique needs of each child. Every child has a personal portfolio and profile which has examples of their work and details of developmental progress. We work in partnership with parents to ensure that all children are supported in reaching their full potential.

The Nursery Staff

All staff undergo rigorous vetting and embark on suitable childcare training courses if not already qualified. Staff access training courses during the year to extend their knowledge. All staff have an enhanced Criminal Records Bureau disclosure. 12 staff hold a Paediatric First Aid qualification.

Ratios of staff to children required are:

1 staff member to 8 children - for ages 3-5

1 staff member to 4 children - for ages 2-3

We operate with a higher staff to child ratio to ensure our care is outstanding.

The Nursery Day

At The Grove Nursery children use purposeful play as a means of discovering and exploring the world around them. Children are encouraged to work things out for themselves and to seek help when needed. They learn to take turns, share fairly and co-operate with others. We aim to foster a sense of security and confidence whilst enabling each child to develop and progress without pressure at his or her own pace.

In each class we provide play opportunities based around our weekly topics. This includes group games and discussions, music and movement, singing, listening to stories in small groups, a book corner, art and craft, introduction to using one-handed tools, sand and water play, painting, home corner and dressing up, imaginary play, large play equipment, PE and experience of malleable resources. The children have access to a healthy snack and drink during the session. We also have visitors i.e. a mobile farm, a nurse from St Peter's Hospital, the Fire Service with their fire engine, minibeast hunts with the National Trust.

Our Curriculum

Here at The Grove Nursery we follow the Early Years Foundation Stage curriculum commonly referred to as the EYFS. The EYFS contains three prime areas of learning and four further specific areas of learning.

The prime areas of learning are:

- Personal, social and emotional development
- Communication and language
- Physical development
-

The specific areas of learning are:

- Literacy
- Mathematics
- Understanding the world
- Expressive arts

Personal, social and emotional development

Within a nurturing environment, children are individually supported in developing confidence, autonomy and self-respect. They are encouraged to play co-operatively, taking turns with others and also show sensitivity to others and form positive relationships with adults and peers. The children are encouraged to try new activities, and to ask for help when needed. Through these activities they are able to learn to manage their own behaviour, have respect for each other, work as part of a group or class and adjust to different situations and changes in routine

Communication and language

The children are encouraged to listen attentively in a range of situations. This may be through stories, songs, rhymes or instructions. This encourages them to anticipate key events, respond to what they hear, extend their vocabulary with comments, questions and actions. They are then able to express themselves effectively and show awareness of what others say.

Physical Development

A range of equipment both indoors and outdoors allows the children to develop good co-ordination in both large and small movement. They will gain confidence in being able to move in a variety of ways and use large equipment for climbing, jumping and sliding. They will learn how to use tools effectively and safely. We support the importance of good health, physical exercise and a healthy diet.

Literacy

The children are helped to understand that written symbols carry meaning through a range of resources. We have a well-stocked book corner which gives children the opportunity to become familiar with books and how to handle them. We also operate a library system, which allows every child to choose a book to take home and read with their parents/carer every week or as often as they choose.

Each day there is some form of mark making as an activity which ranges from using pens, pencils, chalks, paints, crayons or mark making in flour, sand, rice, play dough etc. This enables the children to draw and write symbols from themselves and ascribe meanings to marks they make.

Mathematics

By means of adult supported activities the children become familiar with sorting, matching, ordering, sequencing and counting which form the basis of early mathematics. Through songs, games, and books they will develop mathematical understanding and be able to use everyday language to talk about size, shape, position and numbers and when ready to solve simple problems, including halving, doubling and sharing.

Understanding of the world

Children are assisted in exploring and understanding the features of their own immediate environment and how environments might vary from one another. They make observations of plants and animals and talk about changes which may occur. They learn about similarities and difference between themselves and others including families, communities and traditions.

Children are encouraged to select and use a range of technology for a particular purpose and extend their knowledge of computing skills.

Express Arts

Children explore media and materials in a variety of ways. They use sing song, dance and make music with musical instruments. They safely use and explore materials, tools and techniques which encourage experimenting with design, colour, texture function and form.

They learn about being imaginative representing their own ideas thoughts and feelings through design, role play, art, music and stories

Parents as Partners

We believe it is essential to work in partnership with parents and we value the knowledge they have of their children. Questions and suggestions are always welcome and parents have the opportunity to offer voluntary help in the Nursery. We also feel it is important for parents to talk encouragingly to their children about the Nursery day. Supporting children's learning in this way can have a lasting effect on their achievement.

Our Manager and Room Leaders are always happy to speak to any parents who have concerns or queries about their child or the nursery. All information concerning children at The Grove Nursery is confidential and treated as such by all staff. We value constructive criticism and operate a concise complaints procedure, details of which can be found on the notice boards and in the policy document file.

Discipline

We do not use or condone any form of physical punishment. On rare occasions it may be necessary to restrain a child to prevent personal injury to him or her, or others. If we encounter persistent unacceptable behaviour we endeavour to establish the root of the problem and discuss the situation with the parent, to find a mutually agreeable solution.

Equal Opportunities and Special Educational Needs

The Grove Nursery is committed to treat each child and member of staff as a valuable individual. We recognise and respect every race, culture and religion.

Policies

Our policy statements are designed to offer the best possible experience for everyone at The Grove. Our policies are reviewed annually and comments or suggestions from parents are always welcome. Our policies are available to parents at every Nursery session.

Fees

Fees are payable, monthly at the beginning of each month in the term or half termly. Failure to make payment will result in loss of placement. Our fees are £6.20 per hour. A term's notice is required for children leaving to attend a different Nursery.

Early Years Free Entitlement

This is available to all families in Surrey in the term after the child's third birthday. Every child is entitled to free part time nursery education of up to and including 15 hours per week for 38 weeks of a year over no fewer than 3 days per week. This entitlement can be claimed in more than one setting for up to and including 15 hours per week.

Starting at The Grove Nursery

We want Nursery to be a positive, happy experience for every child that comes to us. A child who is tense and unhappy will not be able to play or learn properly, so it is important for parents and staff to work together to help the child feel confident and secure at Nursery. An induction visit takes place prior to starting at Nursery. As settling at Nursery is unique to each child, we ask that parents try not to worry if this takes a while. If this happens, we may ask that the parent be available to stay at the session and gradually reduce the time they have to stay until the child is happy to be at Nursery without them.

We accept children who are not potty trained. We have the facilities to change nappies. We do ask that spare nappies and wet wipes be available in the child's bag with a change of clean clothing. All children have access to a toilet at all times and will be accompanied by an adult where necessary.

Your child must be accompanied to and from each Nursery session by an adult. We will only release a child to a nominated person, notification of which is required in advance. We operate a password system to ensure the safety of each child.

The only point of entry for the classes in the main building is via the main double doors. No access can be obtained by other doors. A snack time is provided for the children, focussing on healthy eating. If your child has particular dietary needs, we ask that this information be provided prior to the start date. All children are required to bring a lidded spill-proof plastic container with drinking water with them every day so that they can have a drink at any time. Please ensure it is clearly labelled with their name.

Nursery uniform is available for parents to purchase. We have T shirts and sweatshirts available at £9 and £11 respectively. We ask that all children come to Nursery with outdoor wear and shoes and change into plimsolls on entering the building.

All parents are asked to complete a health form and information sheet giving all relevant information about their child, and a **photocopy** of their child's birth certificate. You have the option of giving your permission to take photographs of your child for inclusion in their portfolios of work.

If your child is unwell, please do not send them to Nursery. All infections, i.e. vomiting, diarrhoea, impetigo, etc. must have finished for 48 hours before returning to Nursery to prevent the risk of spreading infection. It is advisable not to send your child to Nursery when they are receiving a course of antibiotics. A call to inform us of their absence and condition is appreciated.

The Grove Nursery is owned by and managed by Allison Brown. Our very enthusiastic and experienced team are all dedicated to providing a warm and happy environment at The Grove Nursery. For more information or to make an appointment to visit, please call Allison on 07951 128086 from 8am to 6pm Monday to Friday. We look forward to having the opportunity of meeting you and showing you around our Nursery.
